

CAM blanks for Ceramill®

A cooperation between Camlog and Amann Girrbach

CAM blanks type AG

The original type AG CAM blanks were developed jointly by CAMLOG Biotechnologies GmbH and Amann Girrbach AG. They feature the blank holder interface patented by Amann Girrbach and are compatible with the Ceramill® CAD/CAM system. The new blanks enable laboratories to fabricate customized one-piece abutments and healing caps made of titanium alloy on in-house milling machines.

Benefits at a glance

- **Original** implant connection geometries for maximum precision
- Best possible **customer support** during the entire workflow
- A well-matched system: compatible design combined with high-precision in-house fabrication on the milling machines **Ceramill® Motion 2, Motion 3 and Matik**
- **Color coding** of the CAMLOG® and CONELOG® CAM blanks for easy assignment of the implant diameter

Product overview

CAMLOG®
SYSTEM

CAMLOG® Implant System

| Art. No. (2 units) | Description | Implant Ø |
|----------------------------------------------------------------------------------|-------------|----------------------------------------------------------------|
|  | K2471.3327 | CAMLOG® CAM titanium blank, type AG, for the Ceramill® CAD/CAM |
| | K2471.3827 | system from Amann Girrbach, Ø 12 mm, titanium alloy. |
| | K2471.4327 | Delivery includes 2 separately packaged abutment screws. |
| | K2471.5027 | |
| | K2471.6027 | |
| | | 3.3 mm |
| | | 3.8 mm |
| | | 4.3 mm |
| | | 5.0 mm |
| | | 6.0 mm |

CONELOG®
SYSTEM

CONELOG® Implant System

| Art. No. (2 units) | Description | Implant Ø |
|----------------------------------------------------------------------------------|-------------|-----------------------------------------------------------------|
|  | C2471.3327 | CONELOG® CAM titanium blank, type AG, for the Ceramill® CAD/CAM |
| | C2471.3827 | system from Amann Girrbach, Ø 12 mm, titanium alloy. |
| | C2471.4327 | Delivery includes 2 separately packaged abutment screws. |
| | C2471.5027 | |
| | | |
| | | 3.3 mm |
| | | 3.8 mm |
| | | 4.3 mm |
| | | 5.0 mm |

This is
iSy

iSy® Implant System

| Art. No. (2 units) | Description | Implant Ø |
|------------------------------------------------------------------------------------|-------------|------------------------------------------------------------------------------------------------------------------|
|  | P2471.5027 | iSy® CAM titanium blank, type AG, for the Ceramill® CAD/CAM |
| | | system from Amann Girrbach, Ø 12 mm, titanium alloy. Delivery includes 2 separately packaged abutment screws. |
| | | 3.8/4.4/5.0 mm |
